MAIL STOP PCT

S I R :

This application is a national phase application under
35 USC 371 of PCT/JP2005/004680.

A NOTICE OF ACCEPTANCE UNDER 35 U.S.C. 371 AND 37 CFR 1.495
dated June 12, 2008 was received in the above-identified
application.

Submitted concomitantly herewith is a corrected English-
language translation of the International Application as filed.
Please substitute the enclosed English-language translation for

the English-language translation of International Application PCT/JP2005/004680 as filed, which was submitted on September 25, 2006.

The enclosed English-language translation includes portions not included in the English-language translation submitted on September 24, 2006 due to a clerical error. This includes most of the insertions which were presented in the specification amendment filed April 24, 2009 to correct the earlier translation.

There is also a substantial insert in the enclosed from page 5, line 12 - page 8, line 7. This disclosure generally duplicates and provides direct support for the original claims.

The applicants recently requested the undersigned to amend the English-language translation of PCT/JP2005/004680, with changes including those previously made. On inquiry as to support for amendment made in the last amendment, the undersigned was advised that they were the result of a clerical translation error. Therefore, a new translation is being filed herewith as the appropriate way to make the changes in a National Phase application.

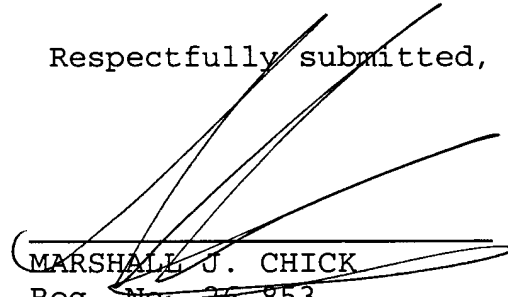

Enclosed is a Form PTO-2038 in the amount of \$130 for the required processing fee.

If necessary, please treat this paper as a Petition under 37 CFR 1.181 or 37 CFR 1.182.

If necessary, please charge any additional fees to Deposit Account No. 06-1378.
